

Training in VALUE BASED COUNSELING of Ipsos - International Psychosocial Organisation

*Trainings in English and German for bi- and multi-lingual Psychologists (m/f/d),
Psychotherapists (m/f/d) and experienced social workers (m/f/d) with and without
migration background.*

Are you interested in culturally sensitive, native-speaking psychosocial counseling?

Ipsos GmbH - International Psychosocial Organisation offers another training in Value Based Counseling (VBC) starting in autumn with an online/offline format in Berlin.

Our advanced training is in particular aimed at bi- and multi-lingual trainees with and without migration background,

- who either have professional work experience in the fields of psychology, psychotherapy or social work in their home country, or
- who have completed a corresponding training or degree (minimum: Bachelor) in and outside Germany.

The final certificate attests to the qualification for the VBC approach.

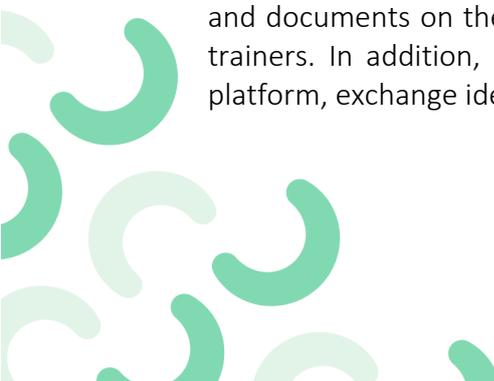

Organizational information:

Two trainings will be offered in English and German language starting in autumn/winter 2021. The number of participants in each training course is limited.

The VBC training includes

- 9 online modules taught via Ipsos e-learning platform,
- Completing and documenting counseling sessions with 10 clients during 30 online sessions (e.g. two online sessions per week) under our supervision,
- 18 days of face-to-face self-experience group meetings in Berlin during the months of September, October, and December, and
- 15 supervision sessions with Ipsos supervisors after completing the online and offline training.

The Ipsos e-learning platform provides educational content with videos, articles, materials and documents on the courses. Regular online webinars will be conducted by our expert trainers. In addition, small groups of participants can meet any time in our e-learning platform, exchange ideas and discuss about the topics of the training.

Decorative green circular patterns are located in the bottom left corner of the page. They consist of several overlapping, semi-transparent green circles of varying sizes and shades of green, creating a modern, abstract design.

Introductory workshop:

Would you like to learn more about our team, the details of the training or clarify questions that haven't been answered? Before starting the course, you can take part in an introductory online meeting. We will send you an invitation after receiving your application.

Cost:

The VBC training course costs includes 18 weeks lessons with at least one webinar per module, 3 weeks self-experience sessions (face-to-face), e-learning platform materials, and 15 supervision sessions with IpsO supervisors.

The costs will be negotiated depending on the trainee's initial situation. There are possibilities for scholarships. Further details will be discussed individually before the start of the training.

Registration / Application:

If you would like to participate in the VBC training course, please fill out the following application form at our website: <https://ipsocontext.org/ipso-academy-application-form/>.

Contact:

If you have any further questions about the details of training course, please contact: Emad Ahmadi (e.ahmadi@ipsocontext.org).
